Web Development Experience

Front-End

- ❖ <https://www.apartmentshowcase.com/> - Design, prototype, and develop a top-down re-build of Greater Washington Publishing's flagship site. Initially took a Jr. role, but quickly became lead FED for project.
- ❖ <http://gwp2.herokuapp.com/> - Implementation of design for potential re-build of Greater Washington Publishing main site. Design mockup provided by internal design team.
- ❖ <http://www.projectcareertbi.org/> – Designed and built a categorizing site to help disabled users navigate local resources. Design mockup provided by internal design team.

Ruby / Ruby on Rails

- ❖ Designed, programmed, and deployed an internal web app to be used as an internal GUI for the World Surf League, specifically to be used as a judging tool and data interface tool for general users and competition judges. This is currently deployed with the World Surf League under the name "BDL" – Beach Data Layer.

Additional Skills

RDBMS

MSSQL, MySQL, SQLite

HTTP Servers

IIS7, Apache, NGINX

Proficient Languages

HTML/CSS, SCSS, Javascript

Familiar Languages

Ruby, HAML, SLIM, Coffeescript, PHP, Python

Proficient Libraries/Frameworks

Ruby on Rails, Sinatra, jQuery, Bootstrap, Foundation, Skeleton, Bulma

Familiar Libraries/Framworks

React / Redux, Wordpress, Drupal

Tools

Sublime Text, Grunt, Gulp, Bower, NPM, Browserify

Operating Systems

Linux (Ubuntu & Lubuntu) Max OSX, Win 7+

Work Experience

Zuffa (UFC): Full-Stack Developer

June '17 – March '18

- ❖ Build, test, and deploy site designs from provided images/HTML mockups. Create or work on import applications. Sites worked on include GUI's for the World Surf League, Drone Racing League, and UFC.
- ❖ Travelled the world to train clients in new software suites, breaching language barriers and adhering to strict travel schedules.
- ❖ Handle service requests and problem tickets as they come in.

Greater Washington Publishing: Full-Stack Developer

April '16 – June '17

- ❖ Rebuild flagship site for company; worked with and collaboratively designed sitemap / mockups, coordinated with Project Manager for each phase, successfully deployed.
- ❖ Handle service requests and problem tickets as they come in.

Society of Technical Communication

April '16 – July '16

- ❖ Helped students with basic to advanced Front End methodologies and resource gathering.
- ❖ Taught classes remotely and in-person, depending on student count.
- ❖ Maintained a friendly environment, despite the typical pitfalls faced by students of Web Dev.

JBS International: Drupal Developer

Sept '15 – March '16

- ❖ Worked on the various Drupal sites employed by JBS as a Front End Dev.
- ❖ Daily execution of assigned work-orders from helpdesk.

Formal Education

George Mason University,

Fairfax VA

Attained a B.A. in Communication with a focus in Journalism. It is my hope to return and earn a Masters in Crisis Communication

General Assembly,

Washington D.C.

Full-stack web development program focused on common best practices in object-oriented programming, MVC frameworks, data modeling, and test-driven development. Developed a portfolio of individually focused and collaboratively focused projects.

Other Interests

Teaching

Cooking

Travel

PC Gaming
